Dear Councillors,

We are watching as the Region of Waterloo Council is doing the important work of 2022 municipal planning and setting budget priorities.

As lifelong residents here, we know we are privileged to live in this prosperous, progressive community.

We appreciate your endorsement of the Transform WR Climate Action Strategy this past spring.

Implementation of the actions outlined in the Strategy to reduce greenhouse gas emissions 50% by 2030 will require sufficient financial resources to actually make the needed impacts.

We and our children and our neighbours’ children support you in taking bold steps to address this urgent need.

Sincerely,
Bob & Donna Bender
